The Problem

Otter&Fischer tags are being offered through the patron license. In which too many individuals are receiving these tags with no desire ever too use them . Then taking away the opportunity for sportsmans to use them in the proper way they are intended.

Proposal

Purchase the tags separately like the bobcat and bear tags. Then the sportsmen who would sincerely be interested in getting a tag for otter and fisher would be glad to pay \$3.00 a piece for the tags.
